

Systems-Centered® Training

An Innovative Approach to Sustainable Change

SCT® Online Clinical Symposium

For clinicians, coaches, chaplains and consultants

Transforming Differences into Resources: Systems-Centered Methods in Clinical Practice

Friday & Saturday, March 13-14, 2026

9:00am – 2:00pm EDT

This 2-day online training symposium, focusing on clinical applications of systems-centered theory (SCT), will explore how clinicians, coaches, consultants, chaplains and educators use SCT methods in practice to make change possible for ourselves and our clients.

The symposium will feature several workshops running simultaneously in three 75-minute sessions each day, for which CE credits will be available.

Areas of Application:

- Psychotherapy and body-oriented therapy for individuals, couples, families and groups
- Coaching
- Chaplaincy
- Education
- Our own personal & professional growth and development

The Systems-Centered Training and Research Institute is approved by the American Psychological Association to sponsor continuing education for psychologists. SCTRl maintains responsibility for this program and its content.
